Hein Htet Aung

09761122464 | hha.heinms@gmail.com | linkedin.com/in/heinhtetaungms | github.com/heinhtetaungms

TECHNICAL SKILLS

Languages: Java, J2EE, J2SE, JavaScript, SQL, PL/SQL
Database: Microsoft SQL Server, Oracle, MySQL, PostgreSQL
Frameworks: Spring, Spring Boot, Hibernate, Angular
Web Libraries: Git, Docker, CSS3, HTML5, REST APIs, JUnit, JQuery, Bootstrap, Material-UI

EXPERIENCE

Java Developer June 2022 – Present
Thuriya Ace Technology *MICT Park, Hlaing, Yangon, MM*

- Developed Core Insurane Project and Insurance Claim System had giant domain knowledge and working procedures
- Write well-designed, efficient code
- Prioritize, assign and execute tasks throughout the software development life cycle
- Proficient in design patterns and best practices for coding, as well as debugging and optimizing code

Junior Programmer(Intern) Jan. 2022 – May 2022
Ace Inspiration *Yangon, MM*

- Developed Emporium Management Information System
- Programs the computer by entering coded information and Confirms project requirements by reviewing program objective, input data, and output requirements with analyst, supervisor, and client
- Experience with working Team work
- Confirms program operation by conducting tests; modifying program sequence and/or codes

PROJECTS

Core Insurance System | *Java, Spring, JSF, Primefaces, Microsoft SQL Server, Git* June. 2022 – Present

- Developed a full-stack web application using with Spring serving a backend with JSF as a frontend
- Leveraged cursors, stored procedures, and SQL Server jobs to efficiently manage and process data in a high-volume
- Familiar with Object-Oriented Analysis and Design (OOAD) methodologies, UML and Design Patterns
- Work in under minimal supervision and tight timeline
- Increased knowledge about SDLC(Software Development Life Cycle)

Insurance Claim System | *Java, Spring Boot, Thymeleaf, JavaScript, JQuery, Git* April. 2023 – Present

- Developed a full-stack web application using with Spring Boot serving a backend with Thymeleaf as a frontend
- Analyze user requirements to define business objectives
- Optimized SQL queries, utilizing cursors and stored procedures, to ensure peak performance and responsiveness for processing large data volumes
- Write well designed, testable code
- Collaborate with cross-functional teams to define, design, and ship new features

EDUCATION

NCC Education Manchester, UK
International Advance Diploma in Computer Science *April. 2023 – April 2024*

Mandalay University Of Foreign Languages Mandalay, MM
Diploma in English *Aug. 2019 – May 2020*

Mandalar University Mandalay, MM
Bachelor of Arts in English *Jun. 2016 – August 2020*
